

DIRECT POWER TECHNOLOGIES, INC.

DATA CENTER OPTIMIZATION

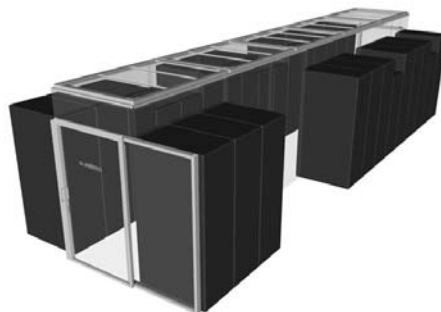

E+I Engineering Inc.

A manufacturer of Switchgear, Switch Boards, Busbar,
and Data Center Powerbar Busway

- ✓ Busbar available in 1000-6000 Amps
- ✓ Switchgear UL 1558
- ✓ Switchboard UL 489 Powerbar Busway UL 857 available in 160, 250, 300, 400, 600, & 800

- ✓ Cold / Hot Aisle Containment
- ✓ Hard panels using the PolarCap system
- ✓ Vinyl systems for lower cost applications
- ✓ Monitoring for lower cost applications
- ✓ Monitoring for M&V applications
- ✓ CFD reports

DIRECT POWER TECHNOLOGIES, INC.

- ✓ In-Line coolers optimized at higher operating temperatures of 55-60°F for energy savings and performance
- ✓ Cabinets, enclosures, and LCP's available in various sizes

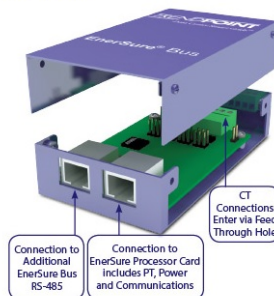

EnerSure® Bus Busway Power Meter

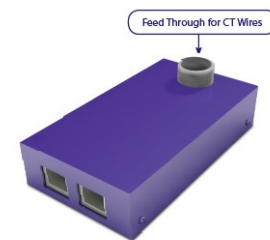

- ✓ The gold standard for bus tap/output box energy monitoring
 - ✓ Utility grade monitoring
 - ✓ Data logging and event monitoring
 - ✓ Supports CT's from 75 to 4000 amps

DIRECT POWER TECHNOLOGIES, INC.

Manufacturers of the Lineator and SOLV Harmonic Sizing Software

- ✓ Taking your 6 pulse VFD and having it perform like an 18 pulse drive
- ✓ Meets IEEE 519 standard for both current and voltage distortion
 - ✓ ABS type approved for marine applications
- ✓ Wide spectrum harmonic filtering that treats all harmonics generated by 3-phase diode or thyristor bridge rectifiers
 - ✓ Harmonic transformers and ULTA efficient transformers

SOLV™ Harmonic Analysis Software
